

Charter 375-3

A Charter flight to ferry the 'Desert Heat' racing team from San Diego California, to the Southern tip of Baja Mexico. **(NOTE: This flight description is for FS2002 only!)**

You are chartered to fly the six man 'Desert Heat' racing team on a 2-leg tour, to the Los Cabos resort on the Southern tip of Baja. Starting from San Diego (KSAN) in California and ending at Los Cabos (MMSD) Flights are 433 NM and 380 NM respectively. (Total=813 NM)

Your six passengers are competing in the "Los Cabos to Tijuana" endurance race. This flight offers excellent mountain and desert scenery. You will criss-cross the peninsula several times, as your clients take a birds-eye view of some of the course they will be racing on.

Desert Heat' Baja Charter
