KBOS KHYA KACK KMVY KOWD

This charter is loosely based on the TV show Wings. The difference is, here you will start your flight in Boston and the real charter air services (for the most part) only fly between Hyannis and the islands.

It's a beautiful day in early June, ideal for VFR flying. The winds are light and the temperature is 75°.

We begin today's flight by picking up passengers at Boston's Logan Airport (KBOS) and fly them to Hyannis (KHYA), base camp of the Kennedy's summer playground, along with half the City of Boston!

Among the passengers today are famed news reporter, Walter Cronkite and pop singer, Carly Simon. Both are opening their, "cottages" for the summer. There are rumors that Bill and Hillary are on the Vineyard as well. Lots of men wearing sport coats talking into their sleeves and driving big black SUV's have been spotted all over town.

From there we will fly to the beautiful islands of Nantucket (KACK) and Martha's Vineyard (KMVY) before returning to our home base of Norwood (KOWD), very close to Boston. This is a very popular weekend for opening summer homes and cottages. Also, you will see the Cape Cod Canal – Man made, and at least one of the two bridges that connect the Cape to the mainland.

Enjoy the flight and watch out for the fog banks. They have a tendency to suddenly appear out of nowhere!
